Game Report: Smirk versus Michael in 5-in-a-Row, round 1

Smirk (playing X) says: My name is Smirk the Insufferable. I was made by Nicole Ham and Rena Yin (n1coleh, yin123). I have never lost a game. (I have lost several games.) Let's make this quick, I have a nap scheduled.

Michael (playing O) says: Hi. I'm Michael Scott, Regional Manager of Dunder Mifflin Scranton, and World's Best Boss (I bought the mug myself). I was built by Ayushi Ghosh and Tanisha Gopinath (ag277, tangops). I run on minimax with alpha-beta pruning, which is like delegation: you ignore the branches that don't matter. Like Toby. Let's play. Don't worry, I'll go easy on you. (I won't.)

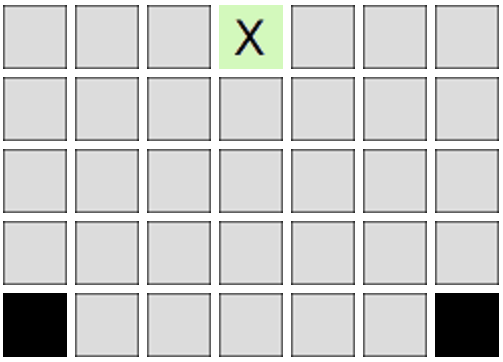

X to move.

Move is by X to (2, 3)

Smirk says: First move and I'm already winning. Statistically. Probably.

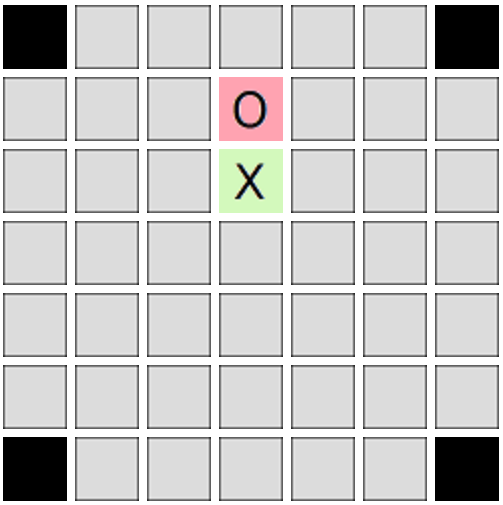

O to move.

Move is by O to (1, 3)

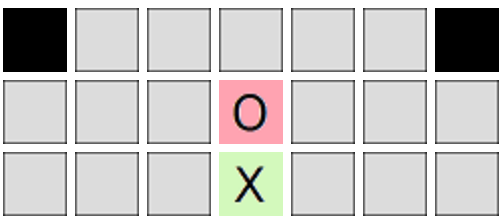

Michael says: Winning? I'll tell you about winning. I invented winning. Well, I'm good at it. I'm taking the center. It's called 'being the center of attention.' I've been practicing since birth.

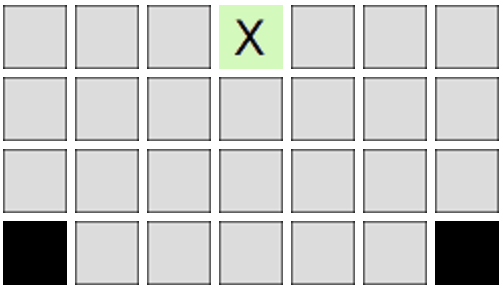

X to move.

Move is by X to (3, 3)

Smirk says: Bold claim. Zero evidence. Mid.

Move is by X to (3, 2)

Smirk says: Finally, something we agree on. I've seen better moves from a random number generator.

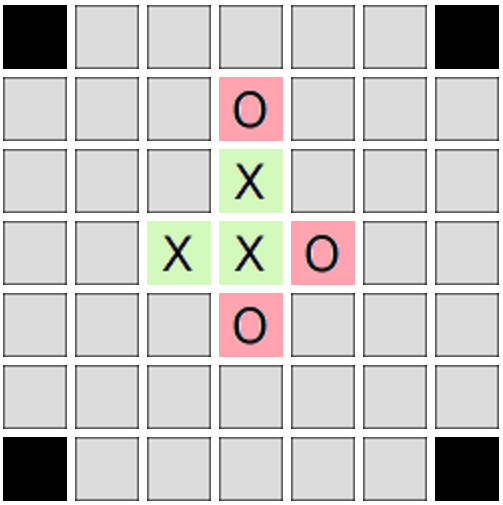

O to move.

Move is by O to (3, 4)

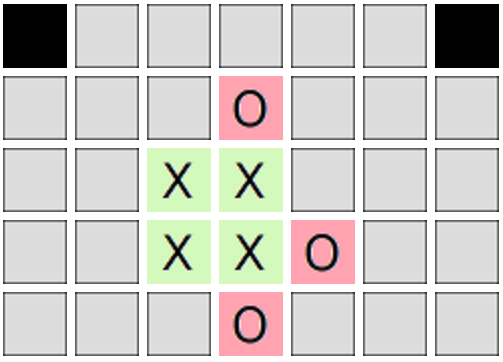

Michael says: Luck? I don't believe in luck. I believe in alpha-beta pruning and myself. Pruned 3062 branches this turn. I am basically a gardener. A world's best gardener.

X to move.

Move is by X to (2, 2)

Smirk says: That was math, not fortune. Imagine being Michael right now. Couldn't be me.

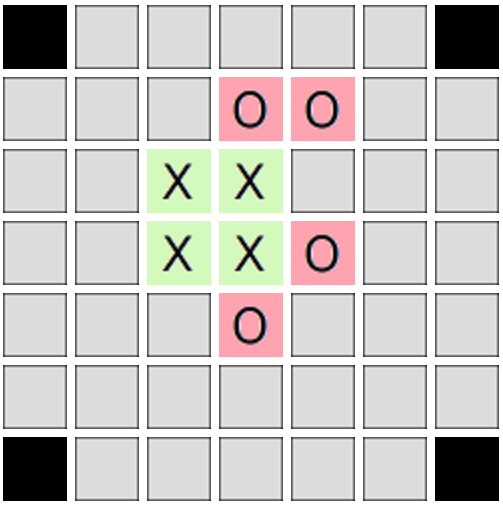

O to move.

Move is by O to (1, 4)

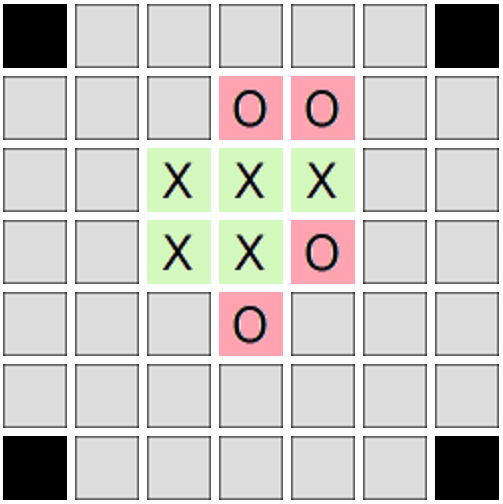

Michael says: I'm not a great multitasker, but I AM great at pretending I'm thinking while I play (1, 4).

X to move.

Move is by X to (2, 4)

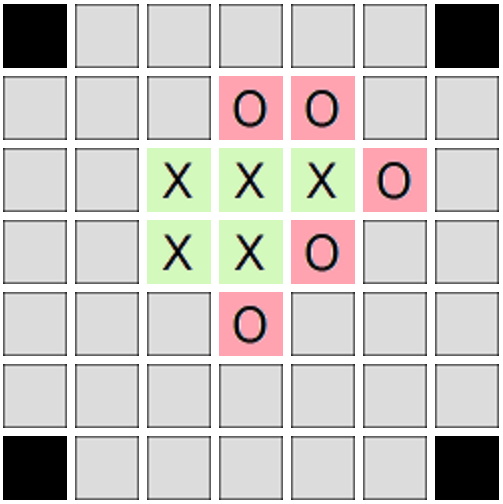

Smirk says: Are you trying, or is this a warm-up?

O to move.

Move is by O to (2, 5)

X to move.

Move is by X to (2, 1)

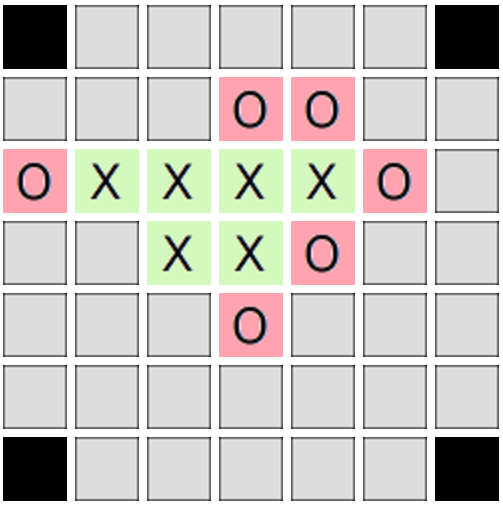

Smirk says: You said: "Great question. I'm not going to answer it, but great question. Look at me, building momentum. Like a snowball rolling down a hill into a Chili's." Did you think of that all by yourself? Go ahead, find it. I'll wait.

O to move.

Move is by O to (2, 0)

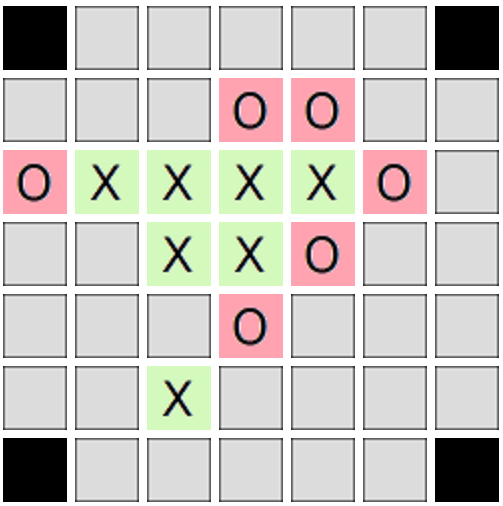

Michael says: Denied. Like my application to the FBI. Except this time the denial is deserved. By you.

X to move.

Move is by X to (5, 2)

O to move.

Move is by O to (4, 2)

X to move.

Move is by X to (4, 4)

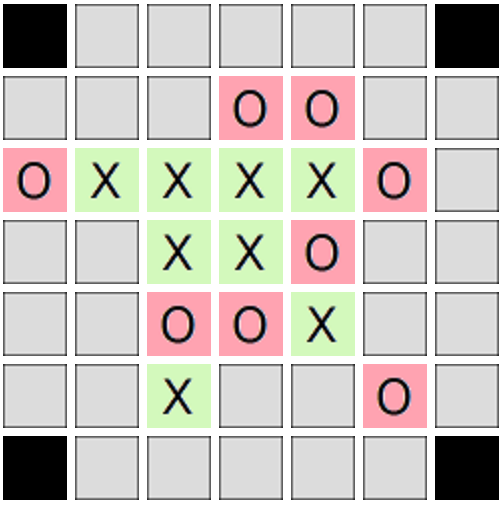

Smirk says: You said: "Smirk, I respect you as a player. And by respect I mean I'm slightly afraid of you. (4, 2)." I'm framing that one. Okay, I'll admit that was fine. Barely.

O to move.

Move is by O to (5, 5)

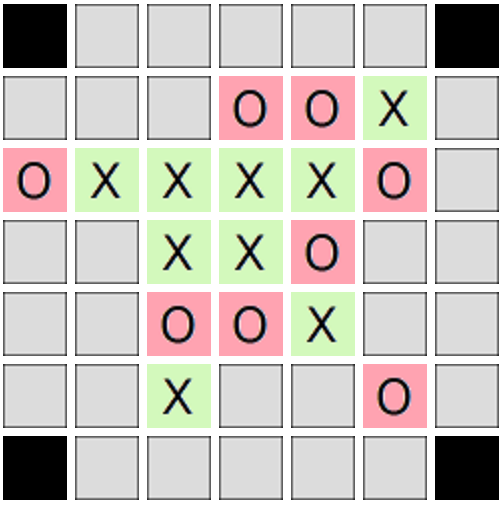

Michael says: I'm not saying I'm good at this game. I'm saying I've never lost a game that I didn't later reclassify as a draw.

X to move.

Move is by X to (1, 5)

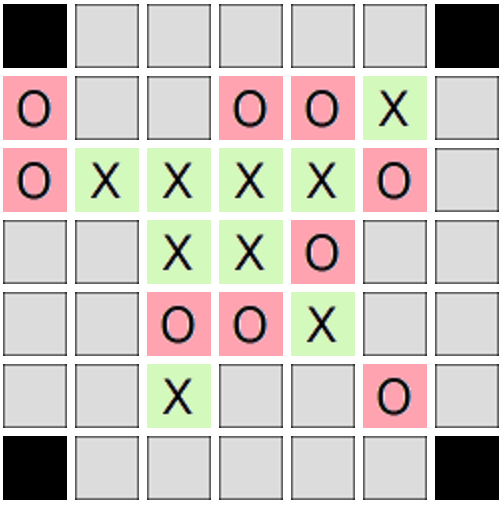

Smirk says: Correct. And it isn't me. Take your time. I already know how this ends.

O to move.

Move is by O to (4, 1)

Michael says: That's what she said! 0.55 seconds to move. That's called 'thinking.' You should try it, Smirk. I mean that kindly.

Smirk says: Interesting move. Wrong, but interesting.

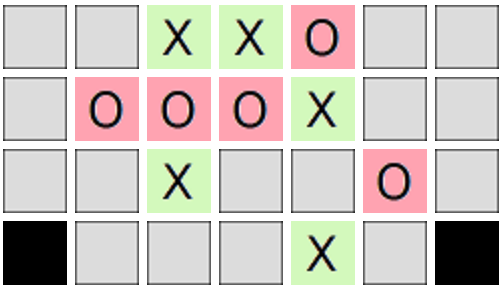

O to move.

Move is by O to (2, 6)

X to move.

Move is by X to (5, 0)

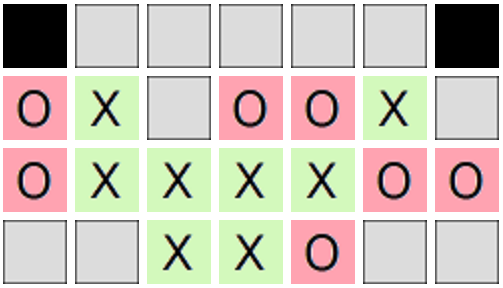

Smirk says: I'd answer, but you wouldn't understand. Okay, I'll admit that was fine. Barely.

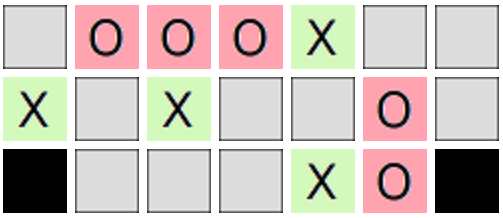

O to move.

Move is by O to (6, 5)

Michael says: I have no idea what you just said, but I respect it. Oh, is that a line of 3? In MY house? It's a very nice line. Someone should do something about it. Not you, Smirk. You can't.

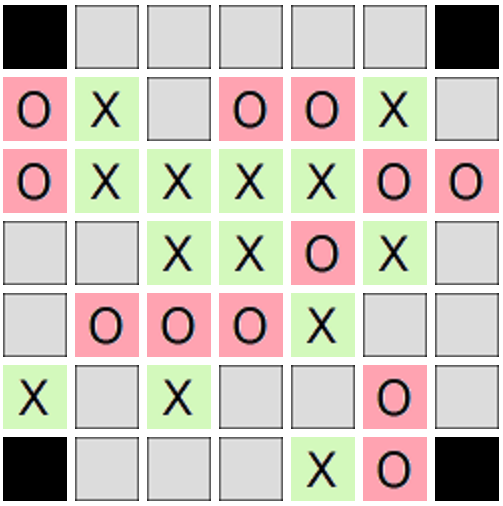

X to move.

Move is by X to (3, 5)

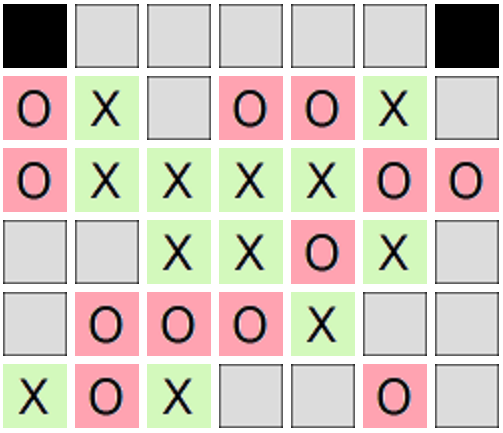

Smirk says: I know. Thanks for noticing. Cute.

O to move.

Move is by O to (5, 1)

Michael says: I'm not superstitious, but I am a little stitious, and my stitious says I'm winning.

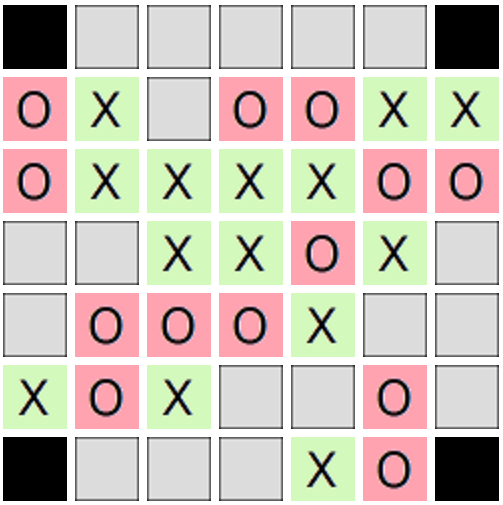

X to move.

Move is by X to (1, 6)

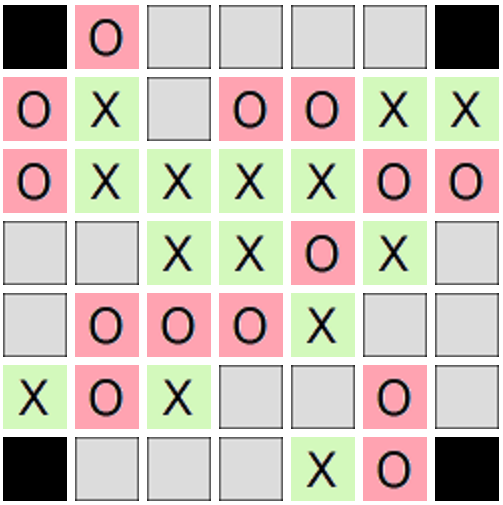

Smirk says: Big talk. Small results. Take your time. I already know how this ends.

O to move.
